Forecast for Friday 08 Oct 2021

Weather: A mostly cloudy expected, outbreaks of rain will develop across the south of the area by the end of the morning, this extending into northern ranges in the afternoon. Some drier interludes in the afternoon but further rain may affect the west coast.

Chance of cloud free mountain/hill tops above 800m: 30%

Visibility: Poor in widespread hill fog down to 600 metres in the south of the area and along western coastal ranges throughout the day, best chance of cloud free summits will be across Easter Ross and Caithness. Any breaks across the west will be unreliable.
